

SEPTEMBER 2025

European labour mobility-led Career and Service-Learning System in Higher Education

Project Number: 2024-1-SI01-KA220-HED-000252281

Presentation of the ELIX Project at the European Researchers' Night 2025

ELIX at the European Researchers' Night

On 26 September 2025, the University of Novo mesto (Slovenia) proudly presented the ELIX Project to an international audience during the European Researchers' Night 2025.

This prestigious event, co-funded by the Ministry of Higher Education, Science and Innovation within the framework of the Science Month programme, brought together researchers, students, educators, and the wider public to celebrate innovation and knowledge sharing.

What is ELIX?

The ELIX Project (2024–2026), co-funded by Erasmus+, focuses on strengthening students' competences by connecting them with real-life societal challenges.

Through career- and service-learning approaches (CSL), ELIX:

- Bridges the gap between academic knowledge and the labour market.
- Develops critical employability and soft skills.
- Fosters civic engagement, inclusivity, and innovation.
- Equips students with the tools they need for a sustainable and future-ready Europe.

Why European Researchers' Night?

Presenting ELIX at this international science communication event highlights the project's role in:

- ✨ Showcasing how higher education can innovate to meet societal needs.
- ✨ Demonstrating career- and service-learning in practice.
- ✨ Engaging with a broad audience of stakeholders, from academia and industry to policymakers and the general public.
